- Preparation and issuance of documentation
- Customs clearance
- Marketing and sales
- Crew Supply
- Equipment management
- Freight Collection

The scope of cover provided can include: -

- Liability for Loss or Damage to cargo
- Liability for Loss or Damage to vessels or equipment
- Errors and Omissions including:
  - *Fines and Penalties*
  - *Consequential losses*
  - *Third Party Liabilities*
  - *Pollution*
  - *Legal Costs and Defence Expenses*

ITMU insures over 60 Ports or Terminals in 10 different countries.

ITMU provides a viable alternative to Ship Agents and those companies involved in similar work in the shipping industry.

Our claims service is geared towards providing our clients immediate access to support both via our team in the UK but also through a network of Claims Representatives Offices. Our Underwriters work closely with the Claims Team to ensure that the on-going needs of our clients are managed effectively. Our Claims Team is able to provide an efficient and informative service including: -

- Pre and Post claims management
- Early investigation of incidents
- Regular claims review and update
- Large incident management
- Information and advice available via our website

### Claims Representatives Offices

Our offices are able to provide immediate assistance to our clients and also provide on-going claims handling where this is appropriate, enabling clients to benefit from local support.

The service provides: -

- Representation in over 100 countries
- Emergency contacts in the UK 24 hours/365 days

### Cargo Insurance

Where cargo insurance is effected, claims are dealt with internationally via the Lloyds Agents network and details of the nearest agent can be found via the website [www.lloydsagency.com](http://www.lloydsagency.com)
